First Newsletter

Dear Friend, dear Partner,

We would like to inform you about the TOUR-X project, a **Center of Vocational Excellence (COVE) Project for the Tourism Industry**.

TOUR-X envisions creating excellence in Tourism through a bottom-up approach where the Education providers of the partnership will enhance their ability to adapt skills provision to everchanging economic and social needs.

The TOUR-X project, co-funded by the European Union is led by a Consortium of 23 experienced partners representing the most prominent VET providers, the Tourism sector and Regional Authorities of the seven countries that the project brings together. Moreover, TOUR-X is going to establish partnerships on a regional level, titled Knowledge Triangles in Germany, Greece, Italy and Spain, four of the leading countries in the Tourism sector of Europe. The Knowledge Triangles are gathering VET providers, representatives of the business sector and public authorities in order to better collaborate and contribute to regional development in the Tourism sector.

What are the expected results?

- Creation of TourX - Transnational Ecosystem for VET Excellence in the Tourism Sector
- Design of a TourX ToolBox for Excellence

- Pilot Operation for the Creation of Excellence at a Regional Level
- Creation of sustainable, systemic impact

- **TourX team**
